### Description

Dans les années 70, Marcel Dadi fut le premier à proposer des disques avec tablatures. Son talent, ses compositions pleines de verve et d'invention, sa célèbre Méthode de guitare à Dadi, ont certainement permis à toute une génération de s'initier à la guitare et au picking. Comme tant d'autres, j'ai appris mes premiers morceaux grâce aux tablatures de Marcel Dadi. Si, par la suite, le répertoire classique, la musique sud-américaine et le jazz m'amènèrent à découvrir d'autres richesses de la guitare, je n'ai pas oublié ce que fut la joie de réussir à jouer Le derviche tourneur ou Swing Blues... Puissent ces deux pièces rendre hommage à la mémoire de Marcel Dadi, trop tôt disparu. Thierry Tisserand
